

FAASTeam presents:

# **Boston FSDO Flight Instructor Forum Meeting**

The Boston FSDO has quarterly meetings & discussions on issues facing pilots and instructors, not only nationally, but also in the local area. We are looking to have active instructors, of all experience levels, join us in the discussion and learn some best practices. This is also a great opportunity to meet today's & tomorrow's aviation professionals.

The first half of the event will cover what is new - including the NEW STUDENT PILOT CERTIFICATE procedures!

The purpose of this Flight Instructor Open Forum is to stimulate discussion regarding EFB – Electronic Flight Bag, which is any electronic tablet, phone or other capable of providing Current Aeronautical Charts, Moving Map, Flight Planning, Weather or Traffic Displays. We will discuss the best practices in teaching with reference to tablet computer hardware and software.

**Directions:** Room 106B of the Math & Sciences Building is located on the back center of the campus. It is behind the Health Building which has the large solar panels.

**A message from the National FAASTeam Manager**

Invite a fellow pilot to the next WINGS Safety Seminar in your area.

Sign up for the FAA's safety services at [www.FAASafety.gov](http://www.FAASafety.gov)!

## Event Details
